Defence Technology Prize 2022 Team (Research & Development) Award Winner

AUTONOMOUS UNDERWATER VEHICLE TEAM

DSO National Laboratories, Defence Science and Technology Agency, ST Engineering

CITATION

The Autonomous Underwater Vehicle Team, led by DSO National Laboratories with members from the Defence Science and Technology Agency and ST Engineering, designed and developed an Autonomous Underwater Vehicle with innovative technology to deliver a breakthrough solution within a short period of time. This has significantly enhanced MINDEF/ SAF's underwater capabilities. In recognition of its outstanding achievements and contributions, the team is awarded the DTP2022 Team (R&D) Award.

PROFILE OF TEAM LEADER
