

# tech up <sup>DSTA</sup>

Excel at the cutting edge

# tech up for a rewarding future in defence tech

The DSTA **Technology Undergraduate Programme (Tech UP)** is an exclusive programme for top Year 2 undergraduates in Engineering and Infocomm Technology (ICT) disciplines.

Upon graduation, Tech UP members are invited to join DSTA as a staff under the DSTA **Technology Graduate Programme (TGP)**. This two-year structured development programme is designed to equip tech talents with a holistic and strong foundation in their early career.

**Join us on this journey and look forward to...**

## **INTERNSHIP**

Work on exciting internship projects and learn from industry professionals.

## **COURSES**

Attend curated courses together with DSTA engineers, and gain technical knowledge and skills in engineering and digital domains! These courses will be offered during semester breaks.

## **NETWORKING EVENTS**

Receive exclusive invites to events that provide a glimpse into life in DSTA and the exciting world of defence tech!

## **ENROLMENT TO TGP**

Near graduation, get invited to an interview for TGP.

## **ENGAGEMENT INCENTIVE**

Join TGP after Tech UP and receive a \$30,000 engagement incentive\*.
