

tech up ^{DSTA}

Excel at the cutting edge

tech up for a rewarding future in defence tech

The DSTA **Technology Undergraduate Programme (Tech UP)** is an exclusive programme for top undergraduates (from Year 2 onwards) in Engineering and Infocomm Technology (ICT) disciplines.

Upon graduation, further your career aspiration through the DSTA **Technology Graduate Programme (TGP)**, which is a 2-year professional development programme for fresh graduates.

Join us on this journey and look forward to...

INTERNSHIP

Secure a guaranteed internship with DSTA and get the priority to select your internship project!

COURSES

Gain technical knowledge and skills while attending curated engineering and digital courses together with DSTA engineers. These courses will be available during your academic breaks.

NETWORKING EVENTS

Receive exclusive invites to events that provide a glimpse into life in DSTA and the exciting world of defence tech!

ENROLMENT TO TGP

Near graduation, secure an interview for TGP.

ENGAGEMENT INCENTIVE

Join TGP after Tech UP and receive a \$30,000 engagement incentive, distributed in three tranches over three full years of service.

BEGIN THE JOURNEY. FURTHER THE MISSION.

Scan the QR code to register for Tech UP.
Shortlisted students will be contacted.
